Press Release:

Lichtundfire is pleased to announce and welcomes all to a Curatorial Walk Through with Lichtundfire's director Priska Juschka, followed by a Closing Reception for THE SOUND OF SILENCE, an exhibition with 27 artists working in various media, organized through LICHTUNDFIREcuratorial, a part of Lichtundfire, featuring carefully curated, larger exhibitions and adding them to the gallery's curatorial concept.

This Exhibition, with a focus on Minimalism, Language-based Art, Color Field, Lyrical and Geometric Abstraction, Conceptual Representation, Process Art a.o., and curated by Lichtundfire's gallery director Priska Juschka, alludes visually and conceptually, abstractly and metaphorically, via medium, materials, or process to the effects of fragmented realities, solitude, alienation, and to the shared quest to overcome what drives us apart-.

Hello darkness, my old friend
I've come to talk with you again
Because a vision softly creeping
Left its seeds while I was sleeping..
And in the naked light, I saw
Ten thousand people, maybe more
People talking without speaking
People hearing without listening
People writing songs that voices never shared
And no one dared
Disturb the sound of silence..

Excerpt from The Sound of Silence, Lyrics by Paul Simon

About Lichtundfire:

LICHTUNDFIRE was established in 2015, with a visual program emphasizing nonrepresentational, conceptual, and abstract art; especially minimal, color field, geometrical, straight edge, abstract expressionist painting, lyrical abstraction, and process work in all media, as well as abstracted, conceptual representation.

Through its exhibitions, Lichtundfire's program is dedicated to developing and nurturing an active, engaged, progressive, and emancipated art community that addresses cultural and social realities as expressed through visual arts.

Beyond its carefully curated visual program, Lichtundfire seeks to actively connect with other parts of the creative community, especially in the field of poetry, literature, philosophy, and Critical Theory.
